LETTER OF REFERENCE

ACOUSTIC & INSULATION TECHNIQUES as a global corporate group providing its OEM products for TIER 1 customers in the automotive sector is pleased to recommend NAV24 Sp. z o. o. company, located in Bielsko-Biala, with which ACOUSTIC & INSULATION TECHNIQUES started to cooperate in February 2016 during the implementation of the ERP system Microsoft Dynamics NAV together with Microsoft Azure and Microsoft Office 365.

One of the main aspects of selecting NAV24 was the fact that being a polish branch of production of ACOUSTIC & INSULATION TECHNIQUES, we were looking for a partner with experience in international implementation processes. To ensure a high standard of service, quality, competence of consultants and understanding the processes actually occurring the company was enabled to efficiently conduct the implementation of the system.

Recommended company maintains high standards in the field of consulting, technical support, becoming a partner during and after the implementation of the deployment.

It is also worth mentioning that our company has a lot of gains, due to both improvement and control of manufacturing processes that provide solutions implemented Microsoft Dynamics NAV, Microsoft Azure and Microsoft Office 365, as well as through the quality of services provided by NAV24 services.
